Subject: Expert consultation on extension rural youth programmes and sustainable development

Please find attached one copy of the report of the * expert Consultation on Extension Rural Youth Programmes and sustainable Development* that was held in Rome from 29 november to 01 december 1995. Twenty five experts from Asia, Africa, Latin America, Europe and North America, established a framework through which FAO will carry out it's rural youth work for the next five years and beyond.

Recommandations were made to FAO, government and rural youth programmes in the areas of: youth policy and resources, institutional strengthening and programme management, and educational content and delivery.

We hope you find the report of interest and would appreciate any comments you may have. If you would like to distribute it to others persons or institutions, please let me know and I shall ask additional copies to FAO Headquarter.

Best Regards.
