Dear Sir,

Due to your letter as state above, we would like to let you know that we have no strict regulations about renting houses.

As the houses for your workers belong to your Mission, they should be rented under your own regulations.

I could not give any advice about the rent itself, that depending of the state of the house and so on ...

I shall pass around your place at the beginning of next month and will be please to help you then with further informations.

Yours faithfully,

Dear Sir,

I have been requested by our mission organization to make enquiries as to rents for African homes, and I would appreciate whatever information you can give me in this respect.

What we want to know is this - can we charge rent to African mission workers living in homes owned by the mission? If we can, what are the government regulations as to what type of home, maximum % of rent on the salary, etc.

As yet I have not had the privilege of making your acquaintance, but trust that I will be able to shortly. Since arriving here in Ruanda I have been travelling extensively.

Thanking you for your kind attention to these requests,

I remain,

Yours truly,

D. H. Thomas
